

Dr. Stacey Laskis

A Completely New Concept in Dental Coverage

How does the Plan work?

Imagine a dental plan with no insurance company telling you what is or isn't covered and has no maximums at roughly *half* the price of dental insurance? That's the Parkview Premier Membership Plan. With the Plan, there's no waiting periods, so you can receive urgent treatment right away. We offer affordable complete preventive care for adults and children, with no benefit limitations or potential denials or downgrades.

The Plan is an annual membership program that includes all basic preventative maintenance for free (including x-rays) and a 15% fee discount for all other treatments (the "Discount"). The Plan Discount applies to all dental treatment including cosmetic and elective procedures. The Plan is not a dental insurance plan.

How does a referral to a specialty dentist work with the Plan?

Some treatment may require a referral to a specialist. Fortunately, most of the top specialists to whom Dr. Laskis refers her patients have agreed to honor the Discount. However, that Discount and financial agreement will be between you and the specialist.

Terms & Conditions

THIS PLAN IS NOT DENTAL INSURANCE but a cash discount fee plan. Plan members must pay for all medical and ancillary services, but will receive a discount from our usual and customary fees. The Plan is not considered to be a qualified health plan under the Affordable Care Act.

Patients agree that fees stated must be paid for at the time of service. If you need to be referred out to a specialist, Parkview may have secured a discount of 15% on that specialists' fees. Any services provided and discounts given from specialists are agreements between the patient and the provider of those specialists services.

Membership fees are to be paid annually and are in effect for a (12) month period and are non-refundable. Membership will automatically renew on the anniversary date and continue renewing annually thereafter until cancelled, in writing. Qualified family members are defined as applicant, applicant's legal spouse or domestic partner and any non-married children 21 years and under, living in the household. Your enrollment in the Plan may be discontinued by us at the end of the membership year, with or without advance notice.

Our usual and customary fees (but not the Plan Discounts) are subject to change without notice, however, Plan members will not be singled out for rate increases.

We reserve the sole right to decide the treatment that will be provided and whether it will be covered under the Plan. Some treatment might not be offered in our facility or by any other provider.

This Plan is only honored at Parkview Dentistry and certain specialists. It cannot be used at any other dental office.

You will not receive a membership card - your Plan's effective date will be on file with our office. An Invisalign Member must remain a Plan member for the duration of treatment to retain Plan benefits. More details are provided in the Plan agreement.
